Candace –

Here is the OPP link to their aquatic life benchmarks. If there is an Office of Water Aquatic Life Criteria for a pesticide, it will be included on the table.

<https://www.epa.gov/pesticide-science-and-assessing-pesticide-risks/aquatic-life-benchmarks-and-ecological-risk>

This is probably the best way to answer her question.

Candace,

I received a voice message this morning that I just accidentally deleted while I was going to forward it to you. Face palm!!!! Her name is Sarah Benson phone: Ex. 6 Personal Privacy (PP). She is asking for aquatic life benchmarks for pesticides for a project in NE. I'm assuming it's AltEn. See: <https://www.newfields.com/> Amy recommended I give you this information rather than responding to her myself.
